PRESS

“The suprisingly sincere but catchy sound of this incredible Geneva-born producer and DJ has placed her on the most impressive stages and parties in the world, such as Katerblau, Watergate, fabric, Marvelous Island, Extrema Outdoor, Fusion Festival, Tomorrowland, The Monastery Festival, Stihia Festival, Sisyphos and Burning Man, to name a few. The bright and colorful energy that Deer Jade exudes on stage has helped build her way up to success and establish a Sunday residency at the Storytellers and Woomoon party at Cova Santa in Ibiza, as well as strengthen her relationship with Pacha Group. That is why we welcome Deer Jade as the protagonist of our cover. In this issue Jade shows her most vulnerable side as she talks about her connection to the music and love for the planet.”
